The 14 volunteering projects we're coordinating all have in common a focus on Education, whether it's with teenagers (in the lycée Joseph Roussel, in MFRs, in social centers) or more with kids at the Maison de l'Europe, or more with inhabitants living in cities. This is why most of the questions are common. For some question that are particular to one project, it will be specified.

1/ What are you doing at the moment? What are your last activities (training, professional, volunteer?)

2/ What are your degrees (themes, main subjects), skills, training...?

3/ What are your hobbies?

4/ How would you describe yourself (values, weaknesses, roles of friends, of school, job...)? Did you already have some international or intercultural experiences? (Travels, projects, contacts...)

5/ Describe your previous experiences as volunteer (describe also the movements, the organizations and programmes you worked with), if any:

6/ Why would you like to take part in this European solidarity corps project (describe your expectations and what you think you may offer to the project)?

7/ What previous experience do you have working with youth? How would you talk about the European Union, your country, mobility, to youth here?

8/ Are there any other subjects you would like to raise awareness to the kids and young people you'll be working with?

9/ Imagine: you have to lead a one-hour workshop with a group of 15 young pupils that are 15 years old. What are you talking about? How will you organise your workshop? Which activities will you propose?
(Special question for ESC in House of Europe): And with a group of 10 kids that are 8 years old?

10/ Colleagues in your team, and kids or youth you'll work with won't speak English. How do you feel about living in a French environment? Are you ready to commit to learn French?

11/ (Special question for ESC in the MFRs) You'll have everyday around 2 hours in total spent in transportation to go the place of the mission, and you'll asked to drive a minivan, sometimes with students. How do you feel about that?

12/ (Special question for ESC in the MFRs and in Lycée Joseph Roussel) The youth you will work with are in a complicated situation toward learning and education. Are these issues to you and if yes, how do you plan to tackle those issues?

13/ What are your plans for the future?

14/ (Special question for ESC in the MFRs) You'll be living with 5 other volunteers in a shared house, how do you feel about that?

15/ (Special question for ESC projects except MFRs) You'll be living with local inhabitants at home, how do you feel about that?

16/ Anything else you'd like to share with us?
